

TRANSFORMATION THROUGH EDUCATION

OUR MISSION:

To provide students from underserved neighborhoods access to education and support for academic success so that they can create a promising future for themselves and for the community in which they live.

WELCOME FROM THE FOUNDER & EXECUTIVE DIRECTOR

Dear Friends,

The values we hold in common – Empathy, Collaboration and Perseverance – are as important today as they were at the inception of ASF more than 40 years ago.

Your ongoing generosity and support of our students shows how deep these values run in our ASF community. You empathize with the difficult challenges faced by these students and share their passion for obtaining an education. Your support provides them with the tools they need to persevere and create a successful future for themselves.

Critical efforts in strategic planning, organizational sustainability, and eventual succession preparation have been helping to strengthen the foundation of ASF, to improve our programs and to ensure that the organization is able to continue this important work for many years to come.

Our work could not be done without your collaboration and support, for which we are most grateful. That collaboration is needed now, more than ever, as we work to better meet the ever-changing needs of today's youth. Thank you for giving us the hope and energy to persevere today and prepare for the future that awaits us.

In deepest gratitude,
Monica Santos
